Wormley Community Centre update

On February 11th 2020 Broxbourne Council announced their decision to grant Wormley and Turnford Big Local a 999 year lease for Wormley Community Centre. This is really good news for all who use the centre and the wider community as it guarantees its future. It will be smartened up in the short term and in the longer term some considerable building refurbishments will be undertaken. It is important to note that all current and regular bookings will be honoured and the centre will continue to operate in the same way. From April 1st there will be new booking arrangements and details of these will be announced shortly.

Noelle Blackman
Chair of Wormley and Turnford Big Local
